UERDSWA and KLE GIB recognize that there are many factors restricting the growth of women entrepreneurs. An important program goal is to inspire the women to scale up. To keep the efforts focused women entrepreneurs whose goals are specifically identified as –fundability, Scalability of revenue growth- will be the exclusive targets of this program.

The entrepreneurs will be required to set up clear progress milestones for themselves based on the discussion with the expert facilitators, viz, the UERDSWA and KLE GIB exercise.

Level of success will depend upon the entrepreneur as much anything else. Entrepreneurship support programs like other capacity building programs may suffer from a certain level of attrition. Thus the progress of the trajectory of the participants will not be identical.

While very effort will be made to assist the selected entrepreneurs to achieve the growth, their growth aspiration cannot be guaranteed.
